### **Election/Restriction**

Restriction to one of the following inventions is required under 35 U.S.C. 121.

- I. Claims 1-4, drawn to a method of assessing a therapeutic process for treating schizophrenia in a patient, classified in class 435, subclass 35+.
- II. Claims 5-9, drawn to a method of assessing phospholipid methylation in a cultured cell line, classified in class 435, subclass 325+.

The inventions are distinct, each from the other because of the following reasons:

The methods of Inventions I and II are independent and distinct, each from each other, because the methods are practiced with materially different process steps for materially different purposes and each method requires a non-coextensive search because of different starting materials, process steps, goals and measured endpoints. Invention I requires tissue samples from a schizophrenic human population. Its endpoint is determination of the effectiveness of anti-schizophrenic therapy. Invention II requires a cultured cell line transfected with dopamine D<sub>4</sub> receptors, or a cell line with naturally-occurring D<sub>4</sub> receptors. Its endpoint is measurement of phospholipid methylation in cells.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, separate search requirements, and different classification, restriction for examination purposes as indicated is proper.

Art Unit: 1647

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 C.F.R. 1.143)

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 C.F.R. 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 C.F.R. 1.48(b) and by the fee required under 37 C.F.R. 1.17(i).
